KPC are pleased to offer StoneWrap, one of the most innovative and increasingly popular cladding/ veneer systems in Europe.

Stonewrap Manufactured Stone has several advantages over natural stone, it is lighter and easier to work with than natural stone and it comes in a wide range of finishes and colours to suit any location, interior or exterior. We have a number of different stone ranges for internal and external applications.

Stone is a beautiful material, and so much a natural part of our environment that it never looks out of place.

But while stone can be expensive and difficult to work with, StoneWrap manufactured stone is not.

Now you will be amazed at how easy it is to add the beauty, elegance and durability of stone to your property with Stonewrap Cladding from KPC.

We have Stone Wrap in a style and colour to suit every requirement.

If you're unsure about how best to match the right style and colour for your requirements just call our experienced staff and they will be happy to advise.

Stonewrap Manufactured Stone, from KPC is a fantastic product that combines the best qualities of a modern easy to use material with those sought-after qualities of natural stone.

StoneWrap is pre-formed into shapes, including corner pieces, that are easy to work with, requiring little or no alteration before fitting in place and its lightweight nature means it can be added to existing buildings without the need for additional support or enhancement to foundations.
